EXPERIENCES

InfoCampus Logics Pvt. Ltd. — Frontend Developer Intern

07/2022-12/2022

Banglore

- Worked closely with senior developers to translate design mockups into responsive web designs using HTML, CSS, and JavaScript.
- Assisted in the development and maintenance of user interfaces for various web applications, ensuring consistency and usability across different platforms and devices
- Collaborated with the design team to provide input on UI/UX improvements and enhancements.
- Participated in code reviews and provided feedback to improve code quality and performance.
- Worked in an agile environment, effectively managing tasks and priorities to meet project deadlines.

Freelance Developer — Frontend Developer

2021-2024

Noida

- Developed custom front-end solutions for various clients, specializing in responsive and dynamic website design.
- Leveraged expertise in HTML/CSS, JavaScript, React.js, and other front-end technologies to create visually appealing and functional user interfaces.
- Collaborated closely with clients to understand project requirements and deliver tailored solutions that meet their objectives.

PROJECTS

Zomato UI Frontend | *ReactJS*

[link](#)

- Modern Frontend Techniques: Demonstrated the use of dynamic tabbed navigation and modularized components.
- Branding: Styled the components to mimic Zomatos branding.

React E-Commerce Multivendor Application | *ReactJS, JSON, BOOTSTRAP*

[link](#)

- Customer Module: Developed features for searching, buying, cart management, and order placement and tracking.
- Seller Module: Implemented functionalities for seller registration, item addition, and order management.

Ticket Management React App | *ReactJS, Fetch*

[link](#)

- Web Portal Management: Facilitated client queries and managed resource assignment by admins through a dedicated web portal.
- Ticket Handling: Ensured efficient handling, resolution, and closure of tickets by the support staff.

ACHIEVEMENT

Dr. Angela Yu Udemy Web Development BootCamp

- Gained proficiency in HTML, CSS, Javascript, Node, React, PostgreSQL, Web3, and DApps.
- Built 8 portfolio projects, mastered frontend development, and learned professional developer best practices.

Udemy JavaScript Certification

- Proficient in JavaScript fundamentals, modern ES6+, and asynchronous JavaScript.
- I have built real-world projects, enhancing my problem-solving skills and understanding of how JavaScript works behind the scenes.
